Getting Ready for Framework 10

Presenters [Sylvia McCarthy](#) and [Dr. Seán McCarthy](#)

The course is designed for Research Support Staff in Universities and Research Centres so that Research Support Staff can advise researchers and senior management on how to **monitor, influence and plan for the next European Union Framework programme (2028-2034)**. The course helps Research Support Staff to **adapt their services** to support researchers in the period 2028-2034.

Content

Module 1 | Profile of Researchers with High Success Rates in EU Framework Programmes

Module 2 | The Evolution of the EU Framework Programmes (1984-2024)

Module 3 | How Framework 10 will be prepared

Module 4 | From Horizon Europe to Framework 10

Module 5 | Understanding the Concept of 'Lobbying'

Module 6 | Expert Groups Consulted in the design of Framework 10

Module 7 | The Role of Research Support in planning for Framework 10

Sylvia McCarthy

is an EU Policy Analyst. Sylvia has worked in the European Parliament and various EU consultancies and representations. She specialises in preparing 'Proposal Intelligence Reports' for researchers participating in Pillar II of Horizon Europe. These reports identify the EU policies and expert groups behind the Topics in Pillar II.

Dr. Seán McCarthy

has been active in the Framework programmes since 1980. He has specialised in developing the skills of researchers to understand and participate in European Research Programmes. His courses are designed to help individual researchers and Research Organisations develop 'European Research Plans'.
