Research Management in the New ERA

European Framework and Next Steps for Czechia

Closed strategic meeting of key stakeholders in Czech research and innovation

DATE**4 November 2026****VENUE****Prague University of Economics and Business**Held ahead of the CZARMA 2026 Conference

CZARMA is organising a closed, invitation-only strategic meeting of key stakeholders from the Czech research and innovation ecosystem, bringing together representatives of ministries, funding bodies, research organisations and other relevant institutions.

As an active partner in European initiatives supporting the professionalisation of research management, CZARMA aims to bring European developments, tools and experience into the Czech context and contribute to shaping the next steps at national level. The discussion will focus on developments from ERA Action 17 to the emerging “A New Era in Research Management” initiative, as well as on the potential use of RM COMP, RM Roadmap and RM Framework in Czechia.

The meeting will also provide input for the upcoming CZARMA position paper and explore priorities and opportunities for stronger and more structured national cooperation.

Organised by CZARMA – the Czech Association of Research Managers and Administrators, with the support of the Ministry of Education, Youth and Sports of the Czech Republic.
